

COMPOSITE TENDER: SOLAR POWERED BOREWELL PUMPING SYSTEM

Department of Minor Irrigation

1. Scope of Work:

Supply and installation of Solar Photovoltaic Submersible Water Pumping System.

2. Technical Components:

- Item 1: 5 HP Borewell Submersible Pumpset conforming to IS 8034:2018 for 150 mm borewell.
- Item 2: 4.8 kWp Solar PV Module array (Mono PERC panels).
- Item 3: Solar Variable Frequency Drive (VFD) Pump Controller / Inverter with MPPT tracking.
- Item 4: Dual-axis tracking Module Mounting Structure (MMS) and foundation.
