

## MUNICIPAL LIFT-IRRIGATION PROCUREMENT

1. Scope: Supply two 6 HP openwell submersible pump sets for a lined irrigation reservoir and delivery main.
2. Duty: 415 V, three phase, 50 Hz; 26 m total head; 10 L/s per pump; clear raw water.
3. Construction: corrosion-resistant fasteners, guarded coupling, lifting arrangement and replaceable wear parts.
4. Testing: submit performance curves and conduct witnessed acceptance testing.
5. Delivery: deliver to three district depots, commission and train operators.
6. Warranty: provide a two-year service plan and spare-parts schedule.
7. Bid forms: submit sealed price schedules, tax registration, bank details, non-blacklisting declaration, delivery timetable and signed general conditions.
8. Evaluation: purchaser may seek clarifications and reject incomplete bids. The specified equipment is the openwell pump set; references to site piping are interface requirements only.

GENERAL CONDITIONS: Bidders must submit signed schedules, tax details, insurance, warranties, delivery dates and declarations. The purchaser may clarify submissions. These are administrative requirements and do not change the equipment scope.
